

IOWA STATE UNIVERSITY

College of Engineering

Sarah Rajala **James L. and Katherine S. Melsa** **Dean of Engineering**

Sarah Rajala (Rye-ah-lah) became the 12th dean of the College of Engineering at Iowa State University on April 1, 2013. She leads the largest college on campus and is responsible for more than 9,600 students, 500 faculty and staff, 12 academic majors, multiple research centers and programs, and 11 buildings that comprise the engineering complex.

Rajala is an internationally known leader who has served on many academic and association boards. She is a former president of the American Society for Engineering Education and chaired the Global Engineering Deans Council. She was named a 2016 ABET Fellow award recipient; the 2016 national engineer of the year award by the American Association of Engineering Societies; and received the 2015 national Harriett B. Rigas Award from the Institute of Electrical and Electronics Engineers Education Society honoring outstanding female faculty.

Rajala's previous leadership positions were at North Carolina State University as associate dean for research and graduate programs and associate dean for academic affairs in the college of engineering; and Mississippi State University as a department chair and dean of the Bagley College of Engineering. She had a distinguished career as a professor and center director prior to moving into administrative positions.

Rajala has consistently broken new ground for women in engineering and serves as a role model for young women. She is passionate about diversity of thought and culture, especially as it relates to the college environment.

Rajala earned her bachelor's degree in electrical engineering from Michigan Technological University and master's and Ph.D. degrees from Rice University. She is a fellow of the American Association for the Advancement of Science, American Society for Engineering Education and the Institute of Electrical and Electronic Engineers.
