

**IOWA STATE UNIVERSITY**  
**College of Engineering**

**Engineering**

**Career Services**

# Why Engineering Career Services?

*“You’re not just preparing to get a degree; you’re preparing to be a future engineer”*

## Our Goal:

Provide resources and opportunities to help engineering students develop professional skills and obtain post-graduate employment or acceptance to graduate school upon graduation.

# Services Provided

- Career Development
  - Presentations
  - Individual Career Advising
  - Online Educational Materials
  - CyHire
- Employer Engagement
  - On-Campus Interviews
  - Experiential Education
  - Employer Relations
  - Career Fest
  - Career Fairs

**Staff focused solely on  
engineering  
students & alumni**

**All Services Provided at No Cost**

A high-angle, wide shot of a large, crowded engineering career fair. The room is filled with people, mostly young adults, walking through aisles lined with booths. The booths are decorated with various displays, including posters, brochures, and small models. The lighting is bright, and the overall atmosphere is busy and professional.

# *Engineering Career Fairs*

*Fall 2023*

*September 13<sup>th</sup> and 19<sup>th</sup>*

*Spring 2024*

*February 6<sup>th</sup>*

# On-Campus Interviews

Thousands of on-campus interviews conducted each year!

# Semester Co-ops and Summer Internships

Learning outside of the traditional classroom environment by completing REAL engineering work

An opportunity to:

- Connect classroom theory to workplace practice
- Build professional skills and habits
- Get paid an average of \$20.14/hr

\* Maintain full-time student status, no tuition or fees to participate

# Internships

# Co-ops

**10 Weeks**

**Length**

**16-23 Weeks**

**Shorter projects and  
timelines**

**Scope**

**In-depth projects  
seen to completion**

**\$19.79/hour**

**Avg.  
Pay**

**\$21.81/hour**

**Pursue the experiences that are the best fit for you!**

# Does Experiential Education Matter?

## Graduates Reporting Placement at Graduation:

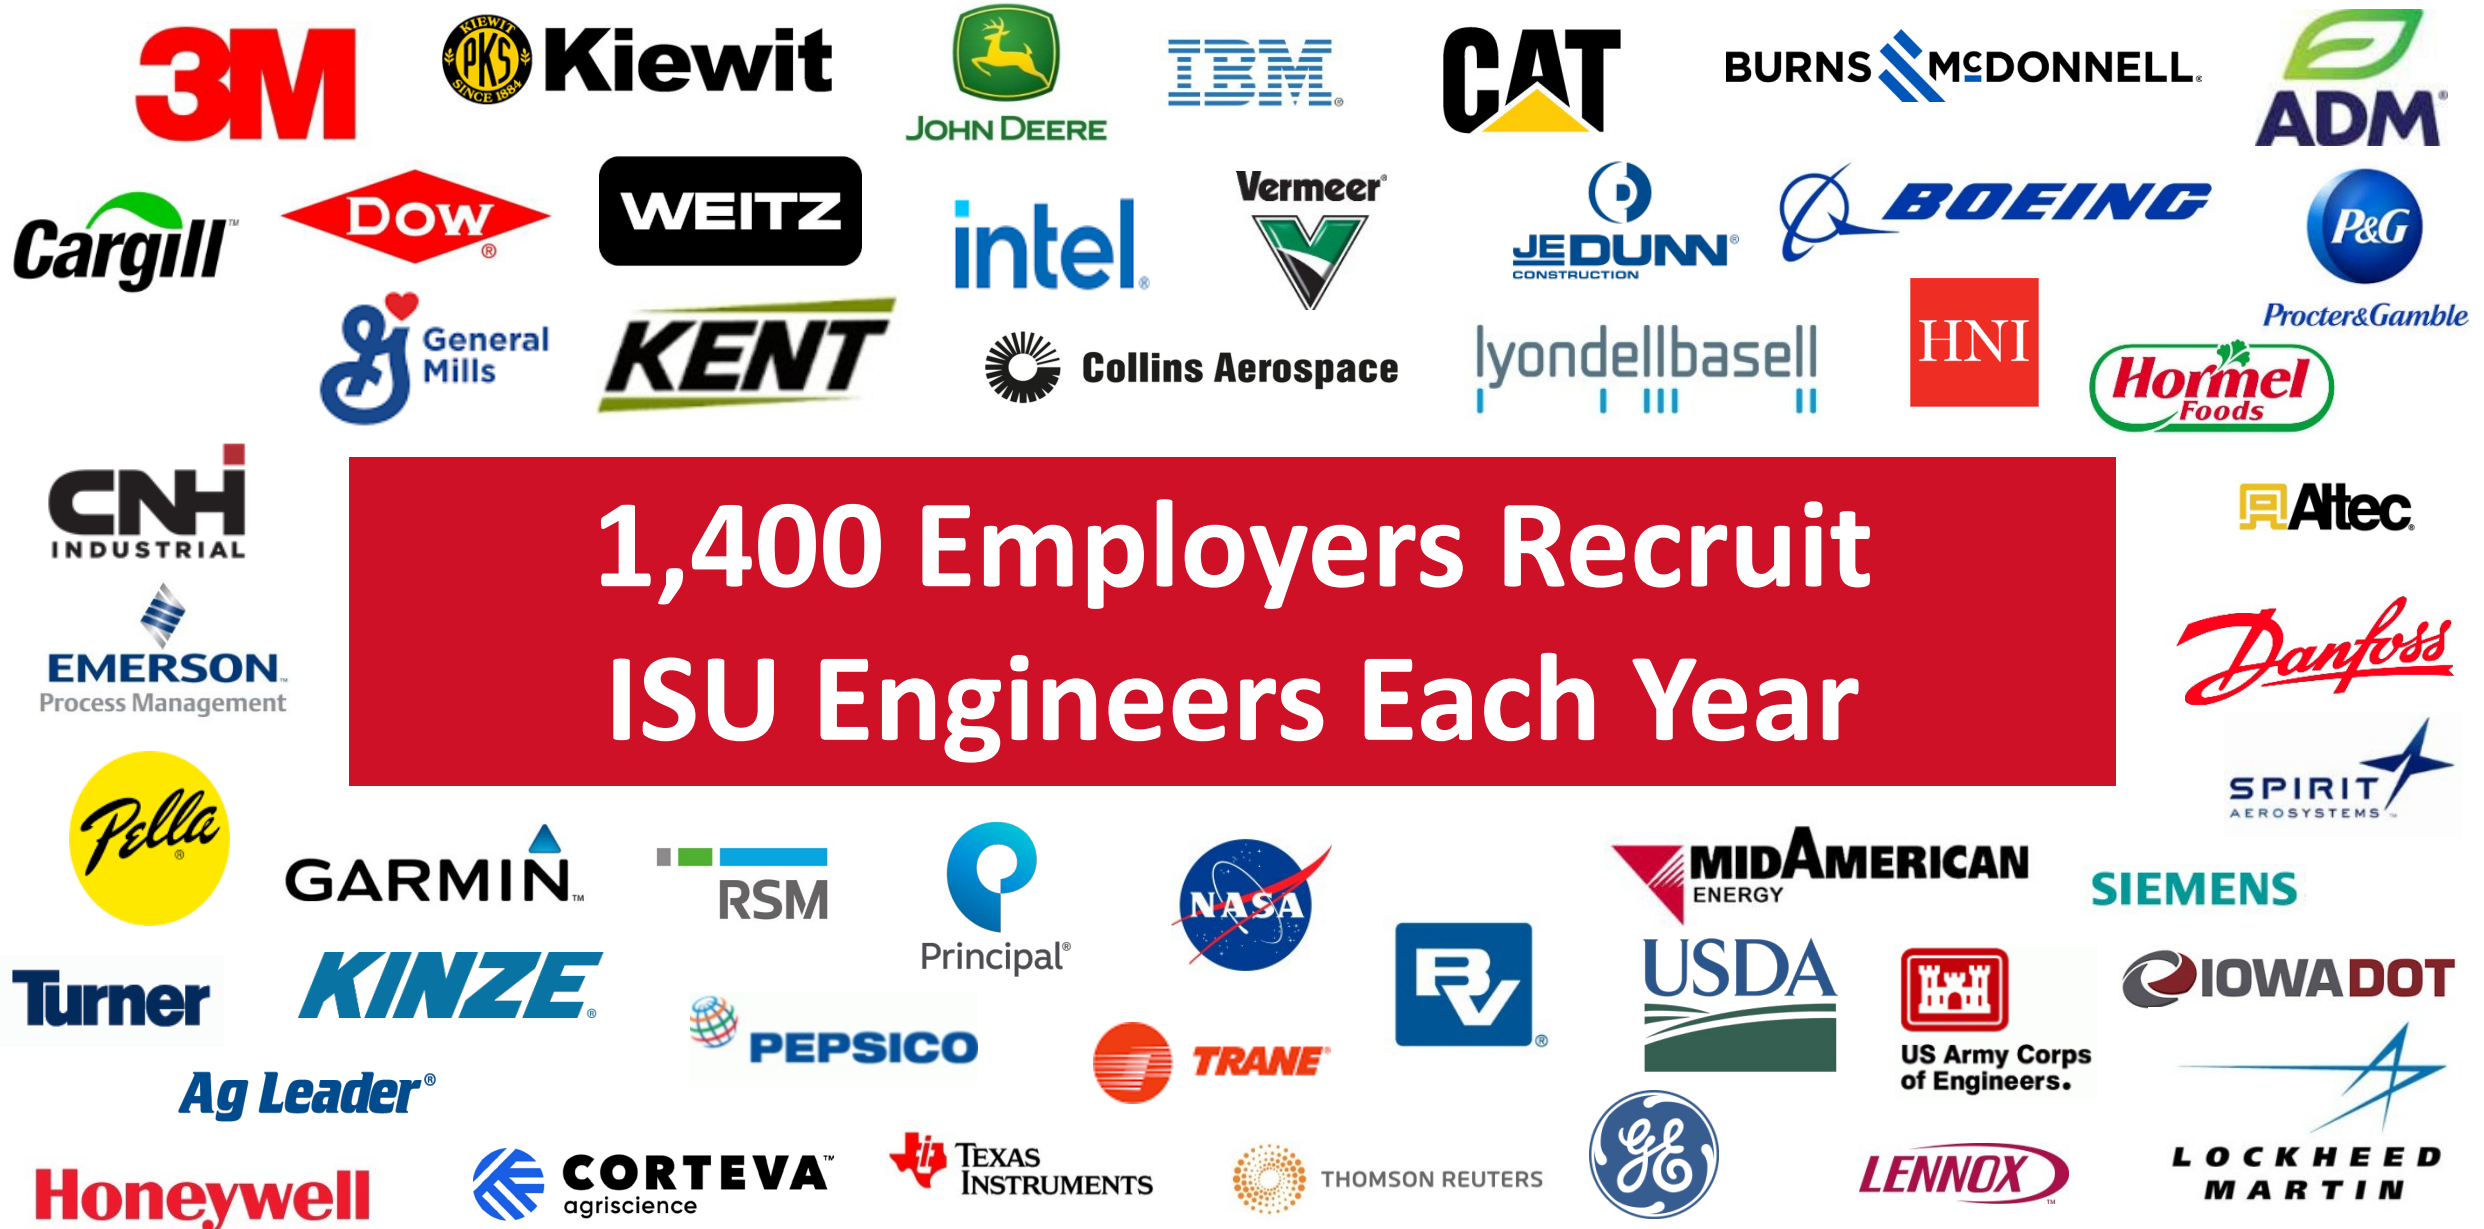

*One or More Experiences:* **78%**

*No Experiences:* **44%**

At six months post graduation, **95%** of engineering graduates have accepted employment or made plans to attend graduate school.

# What employers look for in students...

- Matching interests
- Education & GPA
- Engineering & other skill-building experiences
  - Internships/Co-ops
  - Jobs
  - Clubs and Orgs
  - Leadership
  - Academic Projects
  - Research

---

**OBJECTIVE**  
Seeking full-time employment as a computer engineer doing product development work

**EDUCATION**  
**Iowa State University, College of Engineering, Ames, Iowa**  
Bachelor of Science in Computer Engineering, Spanish Minor (GPA 3.55/4.00) Expected May 2015  
**Universidad de Extremadura, Caceres, Spain (Study Abroad)** Jan 2012 - May 2012  
Completed 12 credits taught completely in Spanish

**EMPLOYMENT**  
**Rockwell Collins, Cedar Rapids, Iowa** May 2014 – Dec. 2014  
*Computer Engineering Co-op (2nd work-term)*

- Evaluated VxWorks 5.5 / Ronado 2.2.1 running on a PowerPC 603 SBC to better understand compatibility with other UNIX-based PROSs such as LynxOS
- Documented requirements for porting applications from one platform to another
- Analyzed functions, applications and limitations of ORBExpress CORBA
- Developed and modified Eclipse plug-ins written in Java within the Eclipse IDE

  
*Computer Engineering Co-op (1st work term)* May 2013 – Dec 2013

- Modified numerous Access databases for optimization and improved versatility
- Designed SQL Server database layout for quality assurance data repositories
- Developed scripts for integration and verification of the Flight Management System
- Solved a symbol generator timing problem, allowing software to run on faster machines

  
**Cerner Corporation, Kansas City, Missouri** May 2012 – Aug 2012  
*Engineering Intern*

- Wrote code in C that helped automate the analysis of code generated from Simulink models, which resulted in a ten-fold decrease in testing time
- Contributed to team meetings by providing suggestions and status reports

  
**Iowa State University, Ames, Iowa** Aug 2011 – May 2013  
*Cyclone Aide*

- Provided tours of campus to groups of prospective/incoming students and their parents
- Presented to large audiences and participated in Q&A sessions

**SKILLS**  
**Languages** Spoken/Written: English & Spanish  
Computer: C/C++, MIPS Assembly, Java, VHDL, Verilog,  
**Software** Adobe Premiere, AutoCAD, ClearCase, LDRA, MATLAB Simulink, Microsoft Office, ModelSim, Pro/Engineer, Pspice, Quartus II, Reactis, and Rhapsody

**ACTIVITIES AND LEADERSHIP**

- Institute of Electrical and Electronics Engineers (IEEE) - Active Member, Publicity Team Leader (2013/2014)
- Information Assurance Student Group (IASG) - Active Member

# Four-Year Career Plan

## Freshman

- ☐ Learn about ECS Resources
- ☐ Join a Student Organization
- ☐ Attend ECS Resume Reviews and workshops

## Sophomore

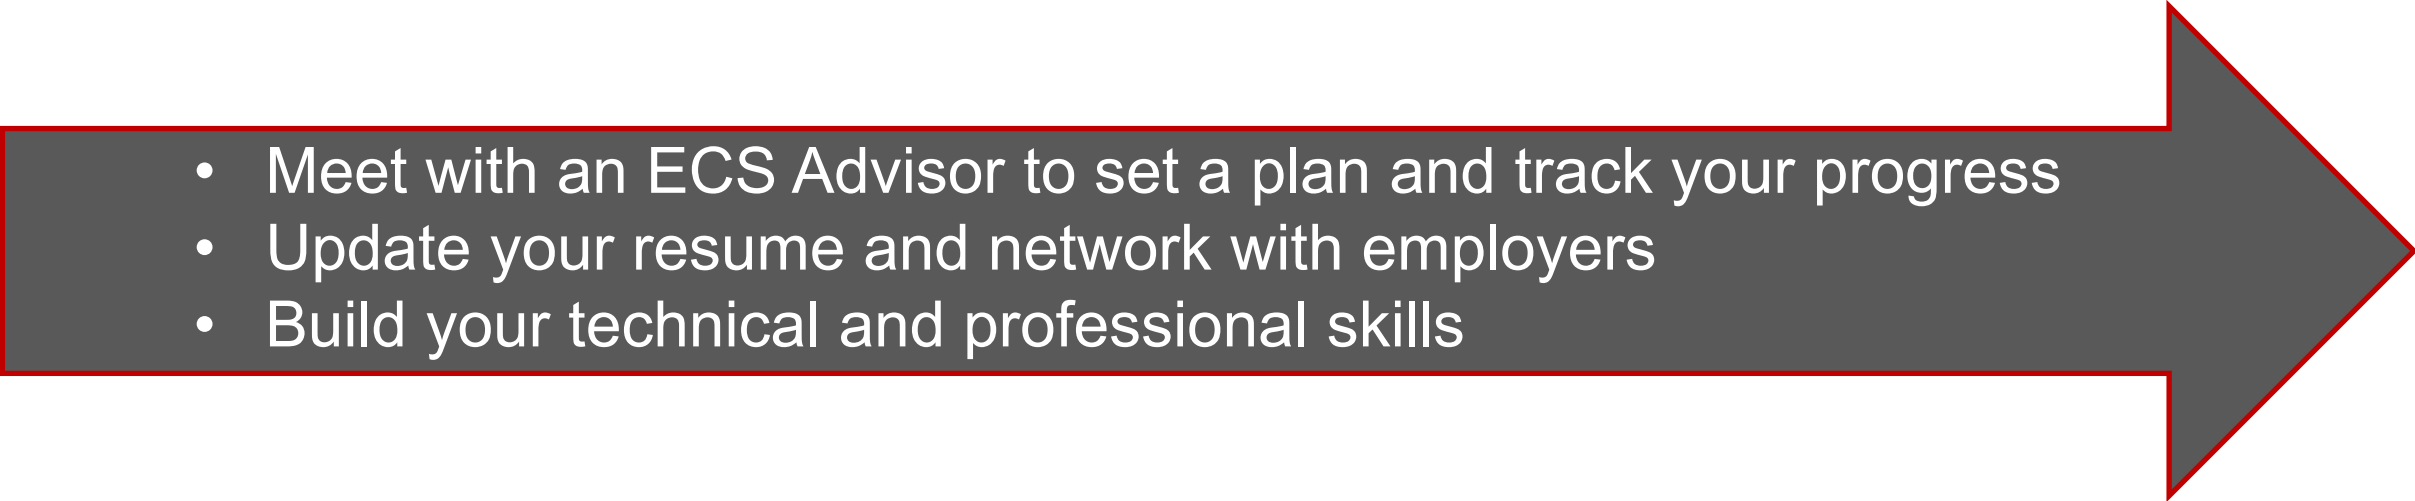

- ☐ Review ECS Career Resources
- ☐ Seek leadership positions in clubs
- ☐ Participate in Internships or Co-ops

## Junior

- ☐ Seek leadership positions in clubs
- ☐ Participate in Internships or Co-ops
- ☐ Research graduate school (if applicable)

## Senior

- ☐ Solidify technical skills in coursework and projects
- ☐ Apply to graduate school or post-graduation positions
- ☐ Report successful career outcomes to ECS!

- 
- Meet with an ECS Advisor to set a plan and track your progress
  - Update your resume and network with employers
  - Build your technical and professional skills

# The Best Time to Connect with Employers is While a Student!

- On-line Job Board (CyHire)
- Career Fairs
- Employer Information Events
- Networking Events
- On-Campus Interviews
- On-Site Interviews
- Career Fest

*Participation leads to job offers!*

# Summary: By the Numbers

**\$71,966**

Average starting salary for 2021-2022 (BS degree)

**2,000+**

Engineering on-campus interviews/year

**1776**

Students participated in a co-op or internship experience for 2021-2022

**97%**

In-profession outcomes (six months post-grad 2021-2022 BS Degree)

**76%**

BS graduates who have professional experience (co-ops/internships)

**\$20.14**

Average hourly rate for co-ops/interns for 2021-2022

**7**

Full-time staff to help with your career

**3**

Career fairs each year among the largest in the nation

**\$0**
