

# Engineering degrees with the best of two universities.

## IOWA STATE UNIVERSITY College of Engineering

Study at PES University and at Iowa State University's internationally recognized College of Engineering. Gain hands-on learning and research experience with faculty who are top in their fields. Work in state-of-the-art facilities. Enhance your professional and career opportunities. Applications are fast, straightforward and inexpensive. Contact your institution's coordinator.

**Pre-Applications are fast, free at <https://apps.admissions.iastate.edu/apply/online/> and scholarships are available.**

### Dual Master's Degree Program (1+1)

**Earn a PES University Master's degree & Iowa State University Master's degree**

- Duration: 1 year at PES U, 1 year at ISU
- Semesters 1-2: complete one year of course work and research requirements at PES U
- Semesters 3-4: complete the remaining course work and research requirements at ISU
- Credits are transferred between PES U and ISU, abiding by mutual regulation

### International Concurrent Program Master's degree at ISU

**Earn a PES University Bachelor's degree & Iowa State University Master's degree**

- Duration: 7 semesters at PES U, 3 semesters at ISU
- Semesters 1-6: Coursework at PES U
- Semester 7: Apply for program and coursework at PES U
- Semester 8: Transfer to ISU and continue with master's coursework at ISU
- Semesters 9+: Master's coursework at ISU

*Partial funding support available from ISU by application.*

*Students are responsible for paying ISU tuition and fees.*

*Actual program completion time depends on student progress.*
