ENGINEERING CAREER SERVICES

WHY ENGINEERING CAREER SERVICES?

**You're not just preparing to get a degree;
you're preparing to be an engineer.**

Our Goal:

Provide resources and opportunities to help engineering students develop professional skills and obtain post-graduate employment or acceptance to graduate school.

SERVICES PROVIDED

Career Development

- Presentations
- Individual career advising
- Online educational materials
- Career prep course
- CyHire access

Employer Engagement

- On-campus interviews
- Experiential education
- Employer relations
- Career fairs and other casual networking opportunities

Staff focused solely on engineering students and alumni

NEW COURSE OPTION

Engineering Career Services
now provides ENGR 2030
courses for all engineering
students!

**94% of students from Spring
2024 say they would
recommend taking
ENGR 2030**

ENGINEERING CAREER FEST

September 3rd, 2025
Marston Water Tower Lawn

ENGINEERING CAREER FAIRS

FALL 2025

September 17th

September 23rd

ON-CAMPUS INTERVIEWS —————→

Thousands of on-campus interviews conducted each year, whether through **Mass Interview Days** or private rooms in Marston Hall.

SEMESTER CO-OPS AND SUMMER INTERNSHIPS

Learning outside of the traditional classroom environment by completing REAL engineering work

An opportunity to:

- Connect classroom theory to workplace practice
- Build professional skills and habits
- Get paid an average of \$23.49/hr
- Maintain full-time student status
- No tuition or fees to participate

INTERNSHIPS

CO-OPS

10 Weeks

Length

16-23 Weeks

**Shorter projects and
timelines**

Scope

**In-depth projects
seen to completion**

\$22.44/hour

**Avg.
Pay**

\$25.61/hour

DOES EXPERIENTIAL EDUCATION MATTER?

Graduates reporting positive outcomes at graduation:

One or more experiences: 78%

No experiences: 44%

At six months post-graduation, **95%** of engineering graduates have accepted employment or made plans to attend graduate school.

BURNS & MCDONNELL

Procter & Gamble

Collins Aerospace

**1,000+ Employers Recruit
ISU Engineers Each Year**

WHAT EMPLOYERS LOOK FOR IN STUDENTS

- Matching interests
- Education & GPA
- Engineering & other skill-building experiences
 - Internships/Co-ops
 - Jobs
 - Clubs and orgs
 - Leadership
 - Academic projects
 - Research

Tera Hertz
2610 Binary Road, Ames, Iowa 50010 ♦ 111-222-3333 ♦ terahertz@iastate.edu

OBJECTIVE
Seeking full-time employment as a computer engineer doing product development work

EDUCATION
Iowa State University, College of Engineering, Ames, Iowa
Bachelor of Science in Computer Engineering, Spanish Minor (GPA 3.55/4.00) Expected May 2015
Completed 12 credits taught completely in Spanish

EMPLOYMENT
Rockwell Collins, Cedar Rapids, Iowa May 2014 – Dec. 2014
Computer Engineering Co-op (2nd work-term)

- Evaluated VxWorks 5.5 / Ronado 2.2.1 running on a PowerPC 603 SBC to better understand compatibility with other UNIX-based PROSs such as LynxOS
- Documented requirements for porting applications from one platform to another
- Analyzed functions, applications and limitations of ORBExpress CORBA
- Developed and modified Eclipse plug-ins written in Java within the Eclipse IDE

Computer Engineering Co-op (1st work term) May 2013 – Dec. 2013

- Modified numerous Access databases for optimization and improved versatility
- Designed SQL Server database layout for quality assurance data repositories
- Developed scripts for integration and verification of the Flight Management System
- Solved a symbol generator timing problem, allowing software to run on faster machines

Cerner Corporation, Kansas City, Missouri May 2012 – Aug. 2012
Engineering Intern

- Wrote code in C that helped automate the analysis of code generated from Simulink models, which resulted in a ten-fold decrease in testing time
- Contributed to team meetings by providing suggestions and status reports

Iowa State University, Ames, Iowa Aug 2011 – May 2013
Cyclone Aide

- Provided tours of campus to groups of prospective/incoming students and their parents
- Presented to large audiences and participated in Q&A sessions

SKILLS
Languages Spoken/Written: English & Spanish
Computer: C/C++, MIPS Assembly, Java, VHDL, Verilog,
Software Adobe Premiere, AutoCAD, ClearCase, LDRA, MATLAB Simulink, Microsoft Office, ModelSim, Pro/Engineer, Pspice, Quartus II, Reactis, and Rhapsody

ACTIVITIES AND LEADERSHIP

- Institute of Electrical and Electronics Engineers (IEEE) - Active Member, Publicity Team Leader (2013/2014)
- Information Assurance Student Group (IASG) - Active Member

THE **BEST** TIME TO CONNECT WITH EMPLOYERS IS *WHILE YOU ARE A STUDENT!*

- Online Job Board (CyHire)
- Career Fairs
- Employer Info Sessions
- Networking Events
- On-Campus Interviews
- On-Site Interviews
- Career Fest
- Pizza with Engineering Professionals
- Engineering Student Project Showcase
- Panels, Presentations, and Workshops

***Participation in networking
leads to job offers!***

SUMMARY: BY THE NUMBERS →

\$74,716	Average starting salary for 2023-2024 (BS degree)
1,500+	Engineering on-campus interviews/year
96.2%	Positive career outcomes (six months post-grad 2023-2024 BS Degree)
78%	Students participated in a co-op or internship experience for 2023-2024
71%	BS graduates who have professional experience (co-ops/internships)
\$23.49	Average hourly rate for co-ops/interns for 2023-2024
7	Full-time staff to help with your career
3	Career fairs each year; among the largest in the nation
\$0	Cost for comprehensive career services at Iowa State
