IN THIS ISSUE:

1. E-app Update
2. Iowa State Student Organization Highlights: Eta Kappa Nu
3-4. Company Introduction: Sukup Manufacturing

This E-APP newsletter will provide updates about E-APP, highlight an Iowa State student organization, and introduce one of the great companies hiring Iowa State engineering students.

As always, you can contact us with questions or comments at engrapp@iastate.edu.
e-app update

TRANSFER STUDENT VISIT DAYS
The visit day allows transfer students to tour Iowa State's campus, meet with Admissions staff to discuss next steps in the transfer process, and attend an engineering information session related to your adventure at Iowa State University.

DATES:
11/6/18
11/27/18

LOCATION: Iowa State University

REGISTER: [http://www.admissions.iastate.edu/visit/transfer.php](http://www.admissions.iastate.edu/visit/transfer.php)

For more information visit [http://www.admissions.iastate.edu/visit/](http://www.admissions.iastate.edu/visit/)

TRANSFER STUDENT ORIENTATION
Orientation is NOT the same thing as a visit day – it is a vital part of getting ready to be an ISU engineering student. When you attend orientation, you will have a meeting with your academic adviser where you register for your first semester’s classes. Sign up now if you have been accepted to continue your studies at Iowa State during 2018-19. Once you accepted your admission, orientation information was emailed to you. Be prepared to attend orientation by

1) knowing which engineering major you want to pursue and
2) taking the online ALEKS math assessment prior to orientation, if required.
Iowa State Student Organization Highlight:

Eta Kappa Nu

Eta Kappa Nu is the international honor society of the Institute of Electrical and Electronics Engineers. The organization promotes excellence in the profession and in education through an emphasis on scholarship, character, and attitude. Membership is a lifelong designation for individuals who have distinguished themselves as students or as professionals in electrical engineering, computer engineering, computer science, and other fields of IEEE interest. The Iowa State chapter of Eta Kappa Nu helps bring students with similar interests together to learn more about IEEE professional work and organize and host company events on campus.

company introduction: Sukup Manufacturing

What are you looking for when hiring an engineering intern/full-time employee?

- Some type of work history/experience pertaining to the internship/full-time job they are applying for
- Any volunteer/extra-curricular activities or clubs they may have participated in
- What do they know about the company
- Someone interested in opportunity and growth
- Getting to know the applicants behavior and skills and make sure they align with Sukup's core principles

What is unique about Sukup?

We are a family owned company with currently three generations of the Sukup Family working in Sheffield! We may be located in a small town but our opportunities are truly endless! We have a passion for giving back and enjoying some sporting events at Iowa State University!

What do you like about Sukup?

The culture is really the heart of who we are. It starts at the top with the Sukup Family. They truly treat each employee as though we are ALL family. It creates an inviting and inclusive culture. Employees care about one another and the products that we manufacture.
company introduction:  
Sukup Manufacturing

What do you find challenging about Sukup?
Sometimes our location is hard to attract individuals too. We are in a small town in rural Iowa but we remind individuals all the time that we still have great amenities here even though we are a small town. We have a great golf course and clubhouse, a beautiful supper club on main street, a new Coffee Shop in town, and a great Wellness Center. We are close to both Mason City and Clear Lake. Typically after a tour of our facility and meeting with some of our Sukup managers new hires are extremely excited about our opportunities.

ON FACEBOOK?
Join our E-APP Facebook group to stay connected to what’s going on in the College of Engineering and across the Iowa State University campus. Highlights include events, awards, class projects, and competitions. We’ll try to post new items at least once each week.

TRANSFER ADMISSION PROCESS CHECKLIST
Keep up on important deadlines – stay on track by following the guidelines recommended on the transfer application checklist. As an E-APP member, you are one step closer to being admitted to Iowa State, but you must still officially apply for admission. You can complete that first step as early as one year in advance of your intended ISU start date.
