TRANSFER STUDENT ORIENTATION

Orientation is NOT the same thing as a visit day – it is a vital part of getting ready to be an ISU engineering student. When you attend orientation, you will have a meeting with your academic adviser where you register for your first semester’s classes. Sign up now if you have been accepted to continue your studies at Iowa State during 2019. After you accept your offer of admission, orientation information and registration details are sent to you. Be prepared to attend orientation by

1) knowing which engineering major you want to pursue and
2) taking the online ALEKS math assessment prior to orientation, if required.
