E-APP newsletter  
March 2019

IN THIS ISSUE:

1  E-app Update

2  Iowa State Student Organization Highlights: Society of International Engineers

3-4  Company Highlight: MMC Contractors

This E-APP newsletter will provide updates about E-APP, highlight an Iowa State student organization, and introduce one of the great companies hiring Iowa State engineering students.

As always, you can contact us with questions or comments at engrapp@iastate.edu.
e-app update

TRANSFER STUDENT VISIT DAYS
The visit day allows transfer students to tour Iowa State’s campus, meet with Admissions staff to discuss next steps in the transfer process, and attend an engineering information session related to your adventure at Iowa State University.

DATES:
4/9/19
4/23/19
6/11/19
7/16/19

LOCATION: Iowa State University

REGISTER: http://www.admissions.iastate.edu/visit/transfer.php

For more information visit http://www.admissions.iastate.edu/visit/

TRANSFER STUDENT ORIENTATION
Orientation is NOT the same thing as a visit day – it is a vital part of getting ready to be an ISU engineering student. When you attend orientation, you will have a meeting with your academic adviser where you register for your first semester’s classes. Sign up now if you have been accepted to continue your studies at Iowa State during 2019. After you accept your offer of admission, orientation information and registration details are sent to you. Be prepared to attend orientation by

1) knowing which engineering major you want to pursue and
2) taking the online ALEKS math assessment prior to orientation, if required.
Iowa State Student Organization Highlight:

Society of International Engineers

The Society of International Engineers (SIE) is a group of Engineering students at Iowa State University. Their mission is to build a strong community of international engineers through studying abroad, while making the world a smaller place through cultural connections. The three main goals of SIE are to:

- Promote study abroad for ISU students
- Welcome ISU students back from studying abroad
- Welcome international students to the beautiful Iowa State University Campus and Ames community.

The SIE provides scholarships in the spring and fall semesters to help fund engineering study abroad programs. Students who are actively involved in SIE will be given a higher priority during the scholarship selection process.

SIE holds social meetings about once a month that highlight different cultures and study abroad programs and go on trips each semester. More information can be found at SIE’s website.

company introduction:

MMC Contractors

What are you looking for when hiring an engineering intern/full-time employee?
We look for candidates that are personable and either already have some knowledge of the company or ask questions to learn more. Experience is great, but not required. As long as you take initiative and are willing to work hard we will teach you everything you need to know.

What is unique about MMC Contractors?
MMC Contractors is an ESOP, we are 100% employee owned which is a financial motivator but also contributes to our great company culture. Everyone wants what is best for the company as a whole and is always willing to help his or her coworkers.

What do you like about MMC Contractors?
Every day brings new opportunities whether that is working with a system you haven’t been exposed to before or developing new relationships within the industry. Our Iowa office is one of the youngest MMC Contractors locations, so it is exciting to be a part of and contribute to the growth of the company!
company introduction:

MMC Contractors

What do you find challenging about MMC Contractors?
One thing challenging about my role as a Project Engineer is that my responsibilities are always growing or changing in some way. I have to make sure I manage my time well and identify which tasks take priority in order to meet deadlines and help the company keep moving forward.

Any additional information you would like to share?
MMC Contractors is a national mechanical contractor and belongs to the MMC Corporation family of companies which also includes Countywide Mechanical Systems, MW Builders, and Building Control Services. A fun fact is that the MMC Contractors Iowa office is the only branch of the company that provides electrical construction and maintenance services in addition to mechanical and plumbing capabilities.

ON FACEBOOK?
Join our E-APP Facebook group to stay connected to what’s going on in the College of Engineering and across the Iowa State University campus. Highlights include events, awards, class projects, and competitions. We’ll try to post new items at least once each week.

TRANSFER ADMISSION PROCESS CHECKLIST
Keep up on important deadlines – stay on track by following the guidelines recommended on the transfer application checklist. As an E-APP member, you are one step closer to being admitted to Iowa State, but you must still officially apply for admission. You can complete that first step as early as one year in advance of your intended ISU start date.
