TRANSFER STUDENT VISIT DAYS
The visit day allows transfer students to tour Iowa State’s campus, meet with Admissions staff to discuss next steps in the transfer process, and attend an engineering information session related to your adventure at Iowa State University.

DATES:
1/28/20  3/10/20
2/11/20  3/31/20
2/25/20

REGISTER: [http://www.admissions.iastate.edu/visit/transfer.php](http://www.admissions.iastate.edu/visit/transfer.php)
For more information visit: [http://www.admissions.iastate.edu/visit/](http://www.admissions.iastate.edu/visit/)

TRANSFER STUDENT ORIENTATION
Orientation is NOT the same thing as a visit day - it is a vital part of getting ready to be an ISU engineering student. When you attend orientation, you will have a meeting with your academic advisor where you register for your first semester’s classes. Sign up now if you have been accepted to continue your studies at Iowa State during 2020. After you accept your offer of admission, orientation information and registration details are sent to you. Be prepared to attend orientation by...

1) Knowing which engineering major you want to pursue.
2) Taking the online ALEKS math assessment prior to orientation, if required.
Iowa State Student Organization Highlight:

3D Printing and Design Club

3D Printing and Design Club

Designing 3D models on the computer is one thing, but turning those models into real objects can be a whole other world! 3D printers are becoming more and more practical, and can be very useful for engineers, designers, and entrepreneurs. This club will learn about and practice using 3D printers, while meeting others with the same interests. The 3D-Printing and Design club is extending its printing and design services to Iowa State Students! Our club can print a wide variety of products, with a plethora of uses. From school projects to desktop ornaments, our state of the art printers can do it all. To learn more about what the club can do for you, check us online:

Company Highlight: Vertex Software

Vertex Software Company Overview

Vertex Software was founded by pioneers in manufacturing visualization and experts in cloud computing. We unlock access to 3D models and product data for any team and department while greatly reducing hardware costs. Vertex helps teams accelerate review processes, make better decisions, incorporate innovations from their supply chain, and protect IP. Vertex’s cloud-based, digital twin platform fuels team collaboration by unlocking 3D data and providing aligned visuals across engineering, procurement, manufacturing, sales, marketing, service, and the supply chain. Our company is located in Ames, Iowa, with nearly 100 employees. We look hire Software, Computer, and Cyber Security Engineers. Our industry target is discrete manufacturing companies.

What is Vertex looking for when hiring an engineer intern/full-time employment?

At Vertex, we are an enterprise SaaS company built on cutting edge technology and Amazon Web Services. Every day we work together to solve some of the hardest distributed system and rendering problems in the industry. We believe that each member of our team brings a unique, valuable, and inspiring perspective - including our interns. As part of our team, your work will have a direct impact on our company and customers. We seek out individuals that align to our Values; individuals who are driven, passionate, curious, collaborative while still maintaining a sense of humility.
Company Highlight:

**Vertex Software**

**What engineering challenges does Vertex face?**

Vertex is an enterprise software as a service company and our engineering challenges center around providing a world class web application experience for our customers. Our engineers are faced with creating efficient algorithms, innovative rendering technology, solving high performance distributed computing challenges, and building scalable solutions in the cloud to deliver the right results at the right time for our customers.

**What is unique about Vertex?**

Vertex is the world’s first 100 percent cloud-based collaboration platform built to accommodate any size CAD model with any number of collaborators without any loss of performance. We are resolving the industry’s toughest challenges in a way that has never been done before.

**Transfer Admission Process Checklist**

Keep up on important deadlines – stay on track by following the guidelines recommended on the transfer application checklist. As an E-APP member, you are one step closer to being admitted to Iowa State, but you must still officially apply for admission. You can complete that first step as early as one year in advance of your intended ISU start date.
